PLANNING  
ARCHITECTURE  
INTERIOR DESIGN

To Whom It May Concern:

We are pleased to recommend Courtney E. Macke and Guy W. Burt, now with Riverstone Development Group, Inc., as highly qualified and experienced General Contractors and Construction Managers.

Both Courtney and Guy had worked with a large construction company in the Orlando, Florida area for several years and were involved in the construction of many of our residential projects. These projects ranged from two and three story garden apartment communities to high-rise condominium projects. They worked with our clients and our firm as a team, always wanting to provide the best possible product.

We wish them well in their endeavors and hope we have an opportunity to work with them in the near future.

Sincerely,

**FORUM ARCHITECTURE & INTERIOR DESIGN, INC.**
