Subject: Letter of Reference for Guy Burt

I have had the opportunity to work with and establish a solid friendship with Guy Burt over the past year. Guy is a very upstanding individual with a constant concern for the well being of all of those around him. He is also very knowledgeable about the construction industry due to gaining experience in almost every facet of the business during his career. Guy also holds his family as a very important part of his life, and does all he can to support and help his wife and two children. I strongly believe Guy would be an incredible asset and representative to North Carolina as a licensed General Contractor. If you have any additional questions about Guy, I will be glad to assist you in any way possible.

Sincerely,

Andy Southards
Land Development Field Manager
