To Whom It May Concern:

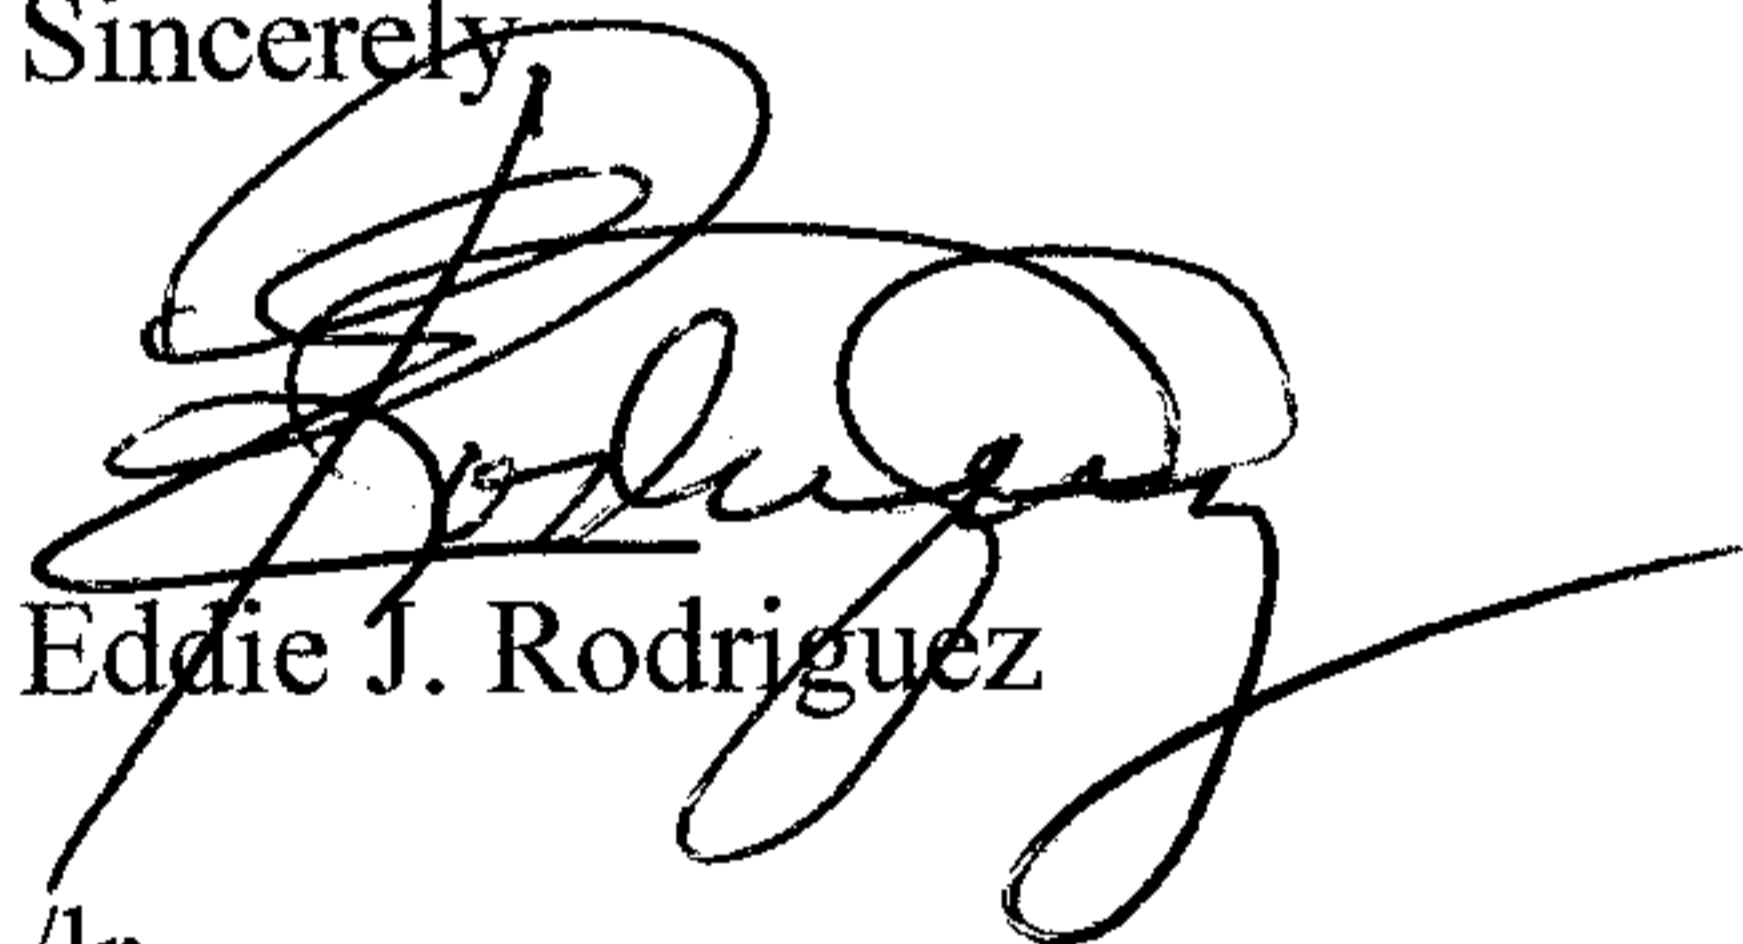

I am pleased to write this letter of recommendation for Riverstone Development Group.

My wife and I contracted with Riverstone Development Group to build our custom vacation home in Waynesville, North Carolina. We were extremely pleased with the professionalism and high integrity shown while building our home. Their highly skilled knowledge and experience in building a quality custom home was displayed throughout the entire project. They were able meet our timeline and stay within the estimated budget that was quoted to us. Riverstone Development and their many associates at Riverstone made this experience exceptionally enjoyable and "stress free" from beginning to end.

I would highly recommend Riverstone Development Group to anyone wishing to build their dream home.

Please feel free to contact me should you have any questions or further reference needed.

Sincerely,

Eddie J. Rodriguez
